

6ACROSS

"This is a band that is open about their faith and knows how to have fun at the same time. Check out this band when you get the chance."

- Pastor Frank Rasenberger, St Luke's Lutheran Church, Crow's Nest

6across is a Brisbane-based acoustic faith rock band. Since forming as the Geoff Rankin Band in 2001 they have performed at festivals (including Queensland Biennial Festival of Music, Australian Gospel Music Festival 5 times, Sonfest 4 times), concerts, churches, church events & camps, cafes and a variety of other venues.

6across are (left to right)...
Geoff Rankin (acoustic guitar), Anthony Edwards (drums), & Renata Rankin (vocals).

Existing to express the band members' love for music, life & Jesus, 6across' original compositions share everyday struggles, faith issues and God's love for all. Wanting to see people find life in Jesus, truths are proclaimed through song in the band's friendly, engaging manner. Song lyrics centre on the Bible & Bible themes, promoting the wonderful blessing of being able to freely access God's Word, though never coming across as being "preachy".

The target age range is approximately 15 to 50. This may sound like a wide gap but the band is regularly reminded of the broad appeal of their music by people of all ages. They have been rushed by children for autographs, mobbed with scones by appreciative elderly folk and thanked by everyone in between, including clergy and at least one mayor!

Late 2008 will see the release of 6across' debut CD 'Touching The Sky' - an hour-long exploration of modern-day faith in a modern-day world: a collection of inspiring songs to engage & encourage.

6across would love to minister to your church family. The band is very adaptable to fit into most situations - whether it's songs interspersed thoughtfully throughout a service, a 60-minute rock concert, or anything in between. At least 30 minutes of presentation time (ie 6 songs) is aimed for per booking.

No fee is set for Christian churches/venues, however a love offering, donation or combination of both is accepted with thanks to help cover costs and continue ministering effectively.

More information, including references and reviews, is available throughout www.6across.com .
